**MONSSON OPERATION GMBH, COMPANY INDIRECTLY CONTROLLED BY PLC S.P.A.,
HAS BEEN AWARDED THE CONTRACT FOR THE INSTALLATION OF WIND TURBINES IN SWEDEN**

We inform that today Monsson Operation GmbH has been awarded a contract for the installation of 15 x E-138 ENERCON wind turbines. at the Markbygden wind farm - Sweden, with the expected start of operations in the second quarter of 2020. The contract is part of the framework agreement stipulated between Monsson Operation GmbH and Monsson Operation S.R.L., two companies incorporated under German and Romanian Law respectively, indirectly controlled by PLC S.p.A., and Enercon GmbH for the installation of EP2 and EP3 wind turbine types from 2020,

The installation contract, which is part of the ordinary activities of the above PLC group companies, includes crane services and cabling works, and has a value of approximately EUR 2.5 million. The contract includes the delivery on site and contains standard/market practice clauses for projects of this nature.

The contract is expected to be executed using own financial resources.

It is estimated that the project will be completed by the end of the third quarter of 2020.

The contract also includes optional services which may be awarded to Monsson Operation GmbH during 2020 or 2021 and would consist of additional 15 x E-138 ENERCON wind turbines installation within the same wind farm, for a consideration of approximately EUR 2 million.

The contract is confirming the strong relationship and partnership between Monsson (and consequently PLC) and Enercon.
